

**PhD Admission Test (Management Sciences) Fall 2020**

**FAST School of Management**

**National University of Computer and Emerging Sciences**

The PhD Admission Test (Management Sciences) will be a 3 hours test, and will have two sections. Section A will be composed of 100 MCQs, while in Section B the applicants will be required to write an essay or answer a subjective question. The 100 MCQs will cover the following areas of management sciences:

Areas covered by 100 MCQs in Section A:

1. Economics (10)
2. Management (15)
3. Quantitative Techniques (15)
4. Research Methods (15)
5. Marketing (15)
6. Finance & Accounting (10+10)
7. Business Communication and Report Writing (10)

An applicant must score 70% marks in Section A to be considered for PhD admission. Applicants will be called for interviews after reviewing the marks of Section A and Section B. The final merit will be calculated by adding the marks of Section A, Section B and the interview marks.
